

Get on board as graduate

HRworks is the pioneer in software for service solutions in Germany. As early as 1998, HRworks developed a web-based business software for the cloud. With this software solution, companies can bill travel expenses and manage absences and equipment. More than 800 customers such as McDonald's, Tom Tailor, Lexmark or the Warner Music Group rely on HRworks every day.

Have you already completed your studies and are looking for your first professional experience?

After our "boot camp" you will take responsibility for minor components and tasks. You will gain experience and gradually you will be entrusted with more demanding tasks, depending upon your abilities.

What do we expect from you?

- That you enjoy programming
- Smalltalk is your passion
- Good spoken English

What does HRworks offer you?

- An open, motivated & efficient team that enjoy working together
- Working on a unique application architecture
- Optimum working conditions, such as the open-space concept
- Fruit & drinks; in particular, as much coffee as you need
- Above-average pay

What next?

Are you interested? Then we look forward to receiving your application by email to job@hrworks.de.
